

DVTS 500 HE TUMBLER

If you're looking for a extra heavy duty quality tumbler then you found it. The DVTS 500 HE tumbler has variable speed control, 0 to 15 rpm. Easy to clean. Safety bar and safety switch. Touchscreen timer in hours and minutes, also does batch counting. Nema 4 control panel. Forward and reverse tumbling. Jog switch so you can rotate the tank to just where you want it for loading, unloading and cleaning. Has two vacuum filters. Liquid filled vacuum gauge. Drain plug. 115 volt. Optional paddle for aggressive tumbling or mixing. Gain profits by tumbling, weight gain and tenderizing all in minutes.
